

Year 11 Sociology

We do AQA GCSE Sociology. The AQA website is a treasure trove including past papers and resources that will help.

All the lessons and teaching resources we have like PowerPoints and the electronic versions of the booklets are available on Firefly

In the after school catch-up sessions we are covering the Education section – this was covered in lockdown and so now teachers are available to recap on this knowledge and the exam focus that goes with it. Once we have gone over education we will move on to revise the other sections as well. With exam focus and practice a key part of this time.

We have just the one text book and recommend the revision guides below for the exam. These are available in class and it is not essential to purchase them but if you choose to do so these are the ones we use.
